PROSPERITY LETTER ELABORATE SHOWER CONTEST WINNERS ARE ANNOUNCED

THREE JUDGES DECIDED UPON
THOSE WHO ARE TO GET
AWARDS OF MONEY

The Prize Winners
W. B. KIRK, 504 East Broadway,
\$25 first prize.
MARY B. WEMYSS, 924 East
Windsor Road, \$15 second prize.
W. F. TOWER, 328 North Mary-
land avenue, \$10 third prize.

The Judges
C. A. Brownell, former publicity
and advertising director of the Ford
Motor Car corporation of Detroit,
Mich.
James M. Rhoades, secretary of the
Glendale Chamber of Commerce.
W. R. Davis, of the Davis-Glendale
company, growers of hothouse vege-
tables.

The judges have spoken in "The
Glendale Evening News" Great Pros-
perity Letter writing contest in which
\$50 in cash prizes is awarded today.

It was a great contest, bringing
out hundreds of good points regard-
ing the reasons why this city pros-
pers. Indeed, it did more. The
letter writing has not only brought
to the attention of Glendale resi-
dents, but to the nation as well, the
prosperity which is prevalent here.

The President of the United States,
Warren G. Harding, sent his con-
gratulations to this city as a result
of the big week of activity. The
newspapers of southern California
have taken up the cry of PROSPER-
ITY IS HERE.

And the people of Glendale are
confident of the future of the fast-
est growing suburban residential city
in America.

To revert to the awarding of
prizes, however, it was done by se-
cret ballot of the judges. Each se-
lected what he considered the best
five. Happily, the three prize-win-
ners were selected by one judge each
for first place.

Judges Have Final Word
Then the contest resolved itself
into who next scored most and high-
est. All three judges picked W. B.
Kirk's letter as one of the five best.

Oliver Wright Hurt When Hit By Auto

Oliver Wright, a carpenter, is re-
covering from injuries today at the
Glendale Sanitarium and Hospital
which he received Saturday night
when run down by an automobile
driven by Wilbur Goodwin of 3355
San Fernando Road, Los Angeles.
The accident occurred between
Broadway and Harvard street on
Brand boulevard shortly after din-
ner hour.

According to Mr. Goodwin's report
to the police department, he was
switching on the lights of his ma-
chine and did not see his victim who
stopped in front of the machine. Mr.
Wright fell and struck his head, and
fails to remember anything until he
woke up in the hospital. Outside of
contusions on the head and back, he
was not seriously hurt, it is said.

Wallace T. Plumb Is Dead; Funeral Tuesday

Wallace Taylor Plumb, 343 Mil-
ford street, aged 52 years, passed
away very suddenly Friday night at
the home of his son at 1518 Pleasant
avenue, Los Angeles. He had gone
to visit his son Friday afternoon and
was stricken with heart trouble and
passed away in a short time. He is
survived by a wife, Mrs. Barbara A.
Plumb, and son, Wallace Plumb. He
had been a resident of Glendale for
ten months, coming here from Texas.

Funeral services will be held to-
morrow afternoon at 2:30 at the par-
lors of the Jewel City Undertaking
company, Rev. Cornell in charge. In-
terment will be at Forest Lawn cem-
etery.

Pre-Easter Service On Friday Afternoon

A special pre-Easter service will
be held Friday afternoon at 2:30 at
the Presbyterian church. Ladies of
the Wednesday Afternoon Bible
class have charge of the service and
their teacher, Mrs. J. R. Baker, will
conduct the Bible study, the topic be-
ing "Woman's Place at the Cross."
There will be special music and de-
corations. Children will be cared for
during the sermon by a competent
woman. The ladies of the church
are anxious to have all of the ladies
of Glendale attend this service.

ST. PATRICK MOTIF IS CARRIED
OUT; MISS IDA POTTER
WINS GAME PRIZE

Perhaps one of the handsomest
and most elaborate showers ever given
for a bride-to-be in Glendale was
that Saturday afternoon by Mrs. Sey-
mour Smith and mother, Mrs. J. G.
Huntley, at the home of the former,
416 West Wilson for Miss Lusby.

The St. Patrick's motif was car-
ried out in all details. The first
part of the afternoon was occupied
by a bridal guessing game. White
cards from which hung a shower of
green ribbons, at the end of which
were attached tiny wedding bells, and
a green pencil, were given each guest.
One side of the card contained sev-
eral bars of the wedding march, painted
in gold, with the words "Here Comes
the Bride" across the top. On the
other side were instructions for the
game to be played.

Miss Potter Wins Prize
First prize, which was a very beau-
tiful candlestick with pretty green
taper, was won by Miss Ida Potter,
and consolation prize, which was an
incense burner in green, was won by
Miss Josephine Emery. Both of
these young ladies presented the
gifts to Miss Lusby.

After this game, which caused a
great deal of amusement, Miss Lusby
was presented with a shower of mis-
cellaneous but beautiful gifts. They
were contained in a very large jardi-
niere, fully two feet high. This was
entirely covered on top by shamrock
leaves and blossoms and was draped
with a green and yellow flag. This
was presented to Miss Lusby by Mrs.
Smith, with instructions to pluck the
blossoms. As she pulled them the
top came off, revealing the many
packages, which upon opening were
found to contain lovely gifts.

Luncheon Is Served
A two-course luncheon was served
after the shower, everything being in
green and white. Each table con-
tained cut glass candlesticks with
green tapers and shades, resting on a
green and white lace paper doily.
Favors were of green baskets filled
with nuts. Place cards were decora-
ted with kewpies, each wearing a
real flowing veil of tulle and carry-
ing a green umbrella. Across the top
of the card was written "I am going
to Oakland," the future home of the
bride-to-be. Shamrocks were scat-
tered over the tables. The effect
was very beautiful, indeed.

List of Guests
Guests were Miss Margaret Lusby,
Mrs. C. D. Lusby, mother of the
bride; Mrs. C. R. Lusby, Mrs. E. U.
Emery, Mrs. Frank Weller, Mrs. J.
Herbert Smith, Miss Wauvita Emery,
Miss Ida Potter, Miss Leone
Shattuck, Miss Eunice Pearl, Miss
Virginia Huntley, Miss Josephine
Emery, Miss Olive Bell Emery, Miss
Doris Ingledue, Miss Muriel Turner,
Miss Martha Ray, Miss Mary Logan,
Miss Margaret Gregg and the host-
esses, Mrs. Seymour Smith and Mrs.
J. G. Huntley. The hostesses indeed
spared no detail in the arrangements
for this affair. Many original and
clever ideas were worked out in its
preparation.

Funeral Service Held For Mrs. S. J. Shedd

Funeral services for Mrs. Sarah
Jane Shedd, mother of Professor J.
C. Shedd of Occidental college, were
held yesterday from the First Pres-
byterian church of Eagle Rock. Mrs.
Shedd was born in Ohio, January 9,
1835. She was a missionary in Per-
sia for twenty-six years and lost her
husband, an infant son and another
son while there. The remains will
be taken to Marietta, Ohio, by her
son, for interment. L. G. Scovern
Undertaking company was in charge.

Mrs. Jannett Proctor Is Taken By Death

Mrs. Jannett F. Proctor, mother of
James H. Proctor of 211 West Los
Feliz Road, passed away in Los An-
geles yesterday. She is also survived
by her husband, Joseph F. Proctor.
Funeral services will be held to-
morrow afternoon at 2 o'clock from
the Little Church of the Flowers, L. G.
Scovern Undertaking company in charge.

Former Minister Of Tropico Church Dies

Funeral services for Rev. H. C.
Shoemaker, former pastor of the
Tropico Presbyterian church, were
held at Forest Lawn cemetery, Satur-
day. Rev. Shoemaker passed away in
San Francisco. He is survived by
his wife, Belle E. Shoemaker.

Glendale Is Boosted At C. E. Gathering

Nearly 150 young people from the
Glendale district registered at the
Los Angeles county Christian Endeav-
or convention in Whittier last week-
end, according to J. A. Newton, Sat-
urday was the big Glendale day and
the local delegation put on a "stunt"
Saturday night at which time a
graphic portrayal of "Glen" and
"Dale" inviting the Endeavorers of
the state to attend the convention
here June 25 to 29 was given by
Clifford Riggs and Mrs. Fannie Mar-
ple Retts, both being dressed in elab-
orate Spanish costumes.

The evening's entertainment open-
ed with the Whittier band leading the
procession of Glendale young people
headed by Howard Brown, chairman
of the convention committee, and J.
A. Newton, chairman of the publicity
committee. They were followed by
"Glen" and "Dale" and the chorus
of nearly 100 voices singing Glendale
songs. They made an impressive ar-
ray as they circled the Friends'
church auditorium, is the report of
those who were present.

After the singing the Rev. C. A.
Cole of the Central Christian church
delivered an invitation to those pres-
ent to attend the state convention in
Glendale and the Rev. W. E. Ed-
monds delivered the address of the
evening on the subject, "The Un-
changing Christ—Today."

Many registrations were taken dur-
ing the sessions for accommodations
here during the state convention the
latter part of June.

GREEN DANCE GIVEN BY ELKS PROVES SOCIAL EVENT

HUNDRED AND FIFTY COUPLES
ATTEND; APRIL FOOL'S
BALL COMES NEXT

The green dance given by the Glen-
dale lodge of Elks last Saturday,
which was greatly enjoyed by 150
couples, was indeed a brilliant af-
fair, both socially and as to color.
Garlands of green were draped
from the ceiling. The orchestra,
Herbert Henning's superlative syn-
copaters, was enclosed by a green fence.
At each station of the lodge was a
miniature Patty, wearing a green hat
and a clay pipe, with smoke curling
out from the Irish (green) incense
which was burning therein.

During the evening green favors
were given out, including fans, horns,
caps, rattlers and Irish harps. The
note of green was likewise carried out
in the punch and also in the ice cream
and French pastries which were
served.

Plan April Fool's Dance
Exalted Ruler John Fanest made
the announcement that the next
dance will be an April fool's dance,
April 1, to be given for the benefit of
the patrol team.

The committee in charge of the
green dance consisted of Jack Hearn-
shaw, chairman; Joe Bellue, Emil
Kiefer, H. Whaley and Ed Wolbach.
They are to be complimented on the
thoroughness with which all details
in connection with the dance were
carried out, especially as to decora-
tions.

Members of the orchestra were
Herbert Henning, I. S. Brown, Roy
Flint, H. C. Spaulding and M.
Davids.

TAKE WALK FOR BEAUTY HOUSTON, TEX.—Ladies, would you be beautiful?

Here's how, according to Dan
O'Leary, champion walker of the
world, who's promoting walking in
South Texas.
"I can make every woman beau-
tiful—and it won't cost her a cent,"
said O'Leary. "It's simple, too.
Just walk. A ten-mile hike each day
will bring up the standard of beauty
a hundred per cent—and that's going
some in these days." O'Leary, at 80,
can walk 100 miles in 22 hours.

MARCH IS BREAKING ALL RECORDS SET FOR BUILDING

TOTAL OF \$306,628 SO FAR
IN MONTH; PROSPERITY
IS SHOWN HERE

A million in building permits is
soon to be seen in Glendale at the
present rate of construction with the
total for the year so far reaching
\$648,089 at noon today.

March, the banner month, is out-
stripping all former records with
\$306,628 as its total up to date and
there are ten more days to go. More
than \$400,000 is expected by those
who are watching the permits mount
into figures beyond the hopes of the
most optimistic three months ago.

This is only another indication of
the great prosperity which Glendale
is enjoying and the large number of
permits for fine homes indicate that
the growth is a substantial one.

Permits Up to Noon Today
Building permits issued over the
week-end and up until noon today
are as follows:

Mrs. Joseph Fortunato, 6 rooms and garage, 534 North Isabel	\$ 5,000
P. H. Weideman, 8 rooms, double house, 323 Oak	4,400
Oliver L. Scott, 6 rooms, 623 North Jackson	4,000

Matilda D. Laas and M. Kal- berlah, 6 rooms and gar- age, 317 West Lomita	3,900
D. O. Taylor, 5 rooms, 1721 East Camulos	3,600
Peter Paulson, 6 rooms and garage, 510 North Mary- land	3,200
J. R. Butler, 6 rooms, 1631 Del Valle	3,000
S. Brucker, 4 rooms, 506 South Belmont	2,000
W. C. Miller, 5 rooms, 1121 East Wilson	2,000
E. Pearl Calkins, 4 rooms, 1116 East California	2,000
Mrs. S. E. Logie, 4 rooms, 114 North Everett	700
Mrs. S. E. Logie, improve residence, 114 North Everett	600
O. J. Wolfram, garage, 332 West Lomita	500

Walk For 6 Months, Is Court's Verdict

Tom F. Lyon of 665 North Central
avenue will walk for six months.
That was the privilege granted him
by City Recorder F. H. Lowe this
morning when eighteen other traffic
cases came up for hearing.

Tom had been driving a motor car,
but he agreed to leave it and other
things conducive to accidents alone.
James Hamilton, another youth,
was given an admonition to secure
employment under the penalty of a
suspended sentence. He resides at
605 East Acacia avenue.

R. Valdez, playing the part of a
Good Samaritan in taking a sick
woman to the Glendale Sanitarium
and Hospital, was arrested for "talk-
ing back to the officer" while under
the influence of liquor Sunday after-
noon. His \$10 fine was suspended.

Automobiles Collide; Work For Garage Men

This morning C. R. Snider of 131
South Pacific avenue and Verne Wil-
son, a former resident of this city
but now of Pasadena, both of whom
were driving touring cars, collided
at the corner of Central and Ivy
streets. Mr. Snider's car was towed
to a garage with a broken left front
wheel.

J. R. Davies of Monrovia and
James H. Proctor of 211 West Los
Feliz Road, Glendale, collided at the
corner of Gardena avenue and Los
Feliz Road last night, the former's
machine going to the shop for re-
pairs.

Plow Lands Of U. S. Take Drop In Value

WASHINGTON — Average grade
plow lands in the United States are
valued at \$83.78 per acre as com-
pared with \$90.01 an acre a year
ago, the Department of Agriculture
today announced. Although show-
ing a decline from the peak price of
1920, the average is higher than any
of the preceding years. The values
shrunk more heavily in the cotton
and tobacco states, while the small-
est decline was shown in the far
western states.

The values ranged from an average
minimum of \$26 per acre in Alabama
and Mississippi to \$200 in Iowa.

J. R. WHITE OPPOSES BONDING TO MEET STATE EXPENSE

ASSEMBLYMAN DECLARES HE
OBJECTS TO MORTGAGING
CITIZENS OF FUTURE

Feeling confident that seventy-five per cent of the administration's state reorganization and economy program will carry in the present session of the California legislature, John Robert White, assemblyman for this district, is in Glendale today and will return to the capital at Sacramento tonight. His son Douglas, who has been acting as a page, accompanied him home and will re-enter school. Commenting on the assembly's activities, Mr. White stated to a representative of The Glendale Evening News that "everything has been set aside because of extended hearings on the budget, roughly estimated at \$81,000,000 while two years ago it was only \$47,000,000."

Continuing, Mr. White said: "There is so much discussion as to the necessity for such a large increase in state expenses that never before have been known in the history of the state that matters have been gone into thoroughly by the ways and means committee, of which I am a member."

Max Thelen's Investigation
"Max Thelen, formerly a member of the state railroad commission and recently returned from Washington where he was with the United States railroad administration, has made a careful investigation of the budget as an attorney for the various corporations of the state, and asserted at the time the King tax bill was being considered that the budget was unnecessarily large and that many items could properly be postponed until such a time as financial conditions had improved. He has gone into the question with both houses in detail."

"We have considered each item as requested by the various state agencies and the recommendations that the budget board has made, and he has shown how, from his viewpoint, a slash of \$8,000,000 can be made. However, quite a large part of this proposed saving represents simply a transfer, as he has suggested that all bills necessary for various institutions be put into a bond issue and eliminated from the budget."

"During the investigation the committee has been hearing from the institutions themselves. The depart-

ALDA G. TINNING, PASTOR'S WIFE, DIES HERE

BESIDES HUSBAND SHE LEAVES
SON AND MOTHER; SERVICES
TOMORROW AT 11 A. M.

Alda Graham Tinning, forty-four years of age, wife of the Rev. Louis Tinning, assistant pastor of the First Presbyterian church of Glendale, died early Sunday morning at the family home, 236 Dayton Court. Besides the bereaved husband, Mrs. Tinning leaves one son, Graham, aged fourteen, and her mother, Mrs. Margaret Graham who is a resident of Glendale. Sixteen years ago she wedded the Rev. Tinning and had resided in California for the last ten years.

Although she is a comparative newcomer to this city, Mrs. Tinning's loss will be keenly felt by members of the congregation and many friends whom she has made since coming to Glendale from Los Angeles where her husband was pastor of the Sunset Hill Presbyterian church.

Funeral services will be held tomorrow morning at 11 o'clock at the Jewel City Undertaking company's chapel with the Rev. W. E. Edmonds and J. C. Pinkerton, who is secretary of the State Church federation, officiating. Interment will be in Forest Lawn Memorial park.

Aged Indian Fighter Is Killed By Taxicab

NEW YORK—Michael J. O'Neill, 28 years old, of 2109 Daly avenue, the Bronx, a taxicab driver, was locked up in the East Thirty-fifth street police station charged with homicide, after his taxicab had run down and killed Patrick Madden, 72 years old. Madden for thirty-five years was employed in the street cleaning department, and he expected a pension from the city today. He also fought in the Indian wars under Custer, and was discharged from Company K, Eleventh infantry, in October, 1876, after five years' service in the United States army.

Indian Averages Insult After Waiting 11 Years

DURBAN, India—Eleven years ago an Indian who was visiting in a compatriot's house where a dance was in progress was sworn at by the host. The incident was entirely forgotten by the host, but at 6:30 this morning the first Indian saw the former host in the street and drawing a knife rushed at him and stabbed him in the neck, exclaiming: "You are the man who swore at me eleven years ago."

The victim of the assault received a severe cut and was removed to a hospital while the assailant, who had let the sun go down on his wrath more than 4000 times, has been arrested.

BAR MONOPOLY IN INDUSTRY
If you should be traveling on the road between Chung-King and Cheng-tu, in that wonderful garden spot of China called Sze-chaun, you would see long trains of carriers. You would be told that each and every bearer is carrying salt. And they are all bringing it from Tsiuching, which means "Flowing Wells."

of City Trustees:
Dear Sir: It has been announced
that you will address a mass meeting
of citizens of Glendale at the high
school auditorium tomorrow night,
said mass meeting to be held under
the auspices of the West Glendale
Progressive league for the purpose
of discussing the proposed new city
charter. The West Glendale league
is performing a valuable public ser-
vice in making such an arrangement,
and newcomers in Glendale will
acknowledge their obligations to the
league for this opportunity to obtain
information on a subject of great im-
portance to them. The writer hereof
cannot qualify as a member of the
said league, but as an interested "late
arrival" he will assume that he will
not be trespassing on an exclusive
prerogative in addressing this letter
to you.

"Important Problems"
In a printed "Statement Regarding
Proposed Bond Issues," dated Febru-
ary 17, 1921, signed by yourself and
the four other trustees of the city of
Glendale, appears this declaration
under the caption "Important Prob-
lems":

"It has been apparent for several
years to all those who have come in
close touch with city affairs that
Glendale has long since outgrown its
class city charter and should have
a freeholders' charter that would
give the city a larger scope of juris-
diction over local affairs and one that
would give it an independent stand-
ing and individuality of its own un-
der the law that it cannot have as a
city of the sixth class. Accordingly
the board of trustees has provided
the necessary legal proceedings
whereby this can be brought about.
Fifteen freeholders elected by the
people have framed a charter; the
same is now before you and you will
be called upon to decide the question
of its adoption on March 29, next.
It is needless to say that this move-
ment has the indorsement of the
board."

That is a very brief and general
statement which may be sufficient for
old residents, but very few citizens
of Glendale as they are now enumer-
ated, have had the benefit of the
"close touch with city affairs" re-
ferred to and on that account will
you not tomorrow night expound the
proposed new charter (which has
been said to be longer than the con-
stitution of the United States) in a
comparative sort of way by explain-
ing briefly:

1. The statutory provisions
relating to both the present and
the proposed charter.
 2. The specific defects and
limitations of the present char-
ter and the "larger scope of
jurisdiction over local affairs"
contemplated in the new charter.
 3. The cost of the present
form of government in the items
of salaries and administration
and the estimated cost of same
items under the new order pro-
posed.
 4. The practical operation of
Section 2, Article XV.
- In respect to this "zoning" pro-
vision I am of the opinion that it is
so inflexible and so capable of work-
ing inequity that if adopted as
drawn it will defeat a commendable
purpose. It is easily conceivable that
it might be quite impossible for a
long period of time to effect a mod-
ification of a zone when once defined,
notwithstanding the interests of a
very large majority of the persons
primarily, intimately and originally
concerned might be adversely af-
fected by it. For this reason I be-
lieve it would cause any considerate
and thoughtful council to hesitate to
pass zoning ordinances that might be
desirable if they could be constructed
on a basis somewhat more flexible
than the laws of the Medes and
Persians. Respectfully yours,
R. S. PERSON.

G. B. WOODBERRY ON ELECTION

URGES THAT W. R. PHELON AND
CHARLES L. CHANDLER BE
CHOICE OF VOTERS

Editor of Glendale Evening News—
There exists today in the state of
California a condition which is so
far removed from being a theory that
it is engaging the attention of all
classes from members of the legis-
lature down and has even caused the
chief executive to discuss the sub-
ject in a special state-wide series of
arguments to establish his particu-
lar views on the situation.

This condition briefly stated is that
the costs of government in California
are extremely high as compared with
those of the other states; that these
costs are increasing in a percentage
far ahead of the increase in popula-
tion or of material wealth and, final-
ly, that they are becoming burden-
some to the people when they find
them brought to their attention in the
concrete form of a heavy tax bill,
which admits of no evasion. "Your
money or your property is its ulti-
mum!" California, we are boast-
ful of as a place where one may live
with little persecution from the ele-
mental forces of nature, which lay
so heavy a toll on the vitality and
material means of dwellers in less
favored climes. We pay no bills for
removing vast amounts of snow from
our streets and walks, no heavy ex-
pense for protecting those same
streets, water pipes, etc., from the ef-
fects of frost, and it is doubtful if a
native son of the golden west would
understand should you mention
to him "double windows" and "bank-
ing the house." A long list of these
items might be compiled, and we sum
it all up in the statement, "One can
live so much more comfortable at
so much less expense in California."

What is true of the individual in
his home should be true in his public
activities, and when he finds it is not
he is inclined to place the blame on
the first convenient agency at hand,
which is usually his local municipal
or county government.
Discusses State Budget
And what has all this to do with
the election of two citizens to serve
on the board of trustees of Glendale
Union high school? Just this, every
department of government in the
state is accused of gross extravagance
in the spending of the public funds,
by both the press and citizens of un-
questioned information and veracity.
As for instance, J. A. Graves, presi-
dent of the Farmers and Merchants
bank of Los Angeles. Does this criti-
cism apply to education? Our pre-
sent state budget in the face of falling
prices calls for a 50 per cent increase
in revenues, the entire budget
amounting in round numbers to \$1-
000,000,000 of which \$4,000,000
are for education, or 54 per cent. Our
county last year in round numbers
expended 14 1/2 million dollars for
schools, or over 61 per cent of its
entire expenditure. (See page 32, an-
nual report.) In the city of Glen-
dale, we find an urgent and immedi-
ate demand for an additional sum of
money to provide room for the school
children, which seems to be beyond
our power to raise under the laws
governing bonded indebtedness lim-
its, and yet we have actually torn
down an eight room school building
and replaced it with a new eight
room building, which with some ad-
ditional land cost over \$100,000, and
some of the children now have to
use the janitor's storeroom for a
school room. W. A. Doran, assembly-
man from the eighth district, says,
"All good Americans are friends of
the schools and favor adequate pay
for efficient teaching (he is right),—
the state and counties expended \$46-
000,000 last year for educational
purposes. When such an enormous
sum does not supply sufficient salary
for the real teacher, something is
rotten in the state of Denmark."

All Proud Of Glendale
The citizens of Glendale are all
good Americans, proud of their city
and want to be proud not only of
their schools, but of their school
buildings, and it seems to me we are
all somewhat to blame for the pre-
sent conditions. We have not fore-
seen our rapid growth and formulat-
ed a comprehensive and standard-
ized system of providing in advance
sufficient land for use of each dis-
trict, together with a unit system of
buildings planned to ultimately care
for all the population. A uniform,
pleasing type of school building
adapted to the climate and history of
California would be an asset to any
town. Now in Glendale, we have
four candidates for two vacancies on
our high school board, each and ev-
ery one of them is highly spoken of.
They are all good citizens, competent,
able and respected, but two of them
have publicly stated that they have
no preconceived notion or set of
opinion in regard to what their
course will be if elected, indicating
that they have given the subject lit-
tle thought. On the other hand, the
two candidates first in the field,
Charles L. Chandler and W. R.
Phelon, have devoted in the past
much time and effort to advance
what they believe to be the best in-
terests of Glendale in educational
matters. They have a well defined,
clear cut policy for the future, leav-

SACRAMENTO—Sensational pul-
piters, mothers with long-distance
reform ideas, fathers in mad rush
for money and laws attempting to
regulate the morals of citizens can
be blamed for the present wave of
crime, charged Judge C. E. McLaugh-
lin, member of the senate board of
prison directors, before members of
the senate prison and reformatories
committee.
The committee, scheduled to con-
sider the Ingram bill repealing the
indeterminate sentence law and the
Jones bill strengthening the law, was
unable to take up the bills because
of the inability to secure a quorum.
"Sensational pulpits," said Mc-
Laughlin, "are doing incomparable
harm by rehearsing the scandals that
appear in the newspapers. Ministers
in giving a description of a bad wife
from the pulpit are doing some-
thing they can never retract. It is
not as good a moral lesson as the life
of Jesus Christ or His apostles."
"If we want our children to go up-
ward, we must point upward."
The attempts to "regulate the
morals of the people" by legislation
is the "pinnacle of absurdity," said
McLaughlin.
Youngsters are not getting a
"square deal" from their parents, he
said.
"When women think more of their
clubs and long-distance reformation,
and neglect their children's moral
education, the child is cheated."
"Fathers are in a mad rush for
money, forgetting that if Johnny or
Mary would disgrace them or disap-
point them, their money could never
relieve the sorrow they would suffer,"
said McLaughlin.
The school attendance of the Phil-
ippines is growing so rapidly that
there is a constant demand for more
American teachers. The principal
demand just now is for fully qual-
ified teachers to teach high school
classes.

Notice of Sale of Street
Railway Franchise

OFFICE OF THE CITY CLERK OF
THE CITY OF GLENDALE, CAL-
IFORNIA.

TO WHOM IT MAY CONCERN:

NOTICE IS HEREBY GIVEN, that
an application has been made to
the Board of Trustees of the City of
Glendale, for a certain franchise
granting the right to construct, and
for a period to terminate November
4th, 1923; to operate and maintain
a street railway using electricity or
other motive power except steam
upon, across and along certain
streets of said City of Glendale, to-
gether with certain appurtenant and
incident rights hereinafter men-
tioned.

It is hereby proposed by said
Board of Trustees of said City of
Glendale to offer for sale, and to
grant to the highest bidder, the said
franchise upon the terms and con-
ditions herein contained. The said
franchise is described as follows, to-
wit: a franchise to construct, and
for a period to terminate November
4th, 1923, and as hereinafter provid-
ed, to maintain and operate, a street
railway, using electricity or other
motive power except steam, over,
along and across those portions of
the railway line as now constructed
and operated by the Glendale &
Montrose Railway Company, a cor-
poration, over and across the public
streets in the City of Glendale, said
line hereinafter generally described as
follows, to-wit:

Commencing at the intersection of
Brand Boulevard and Broadway;
thence Easterly along Broadway to
the intersection of Broadway and
Glendale Avenue; thence Northerly
along and across Glendale Avenue,
Verdugo Road and Canada Boul-
vard; thence to, along and across
Verdugo Canyon Road and Ocean
View Boulevard to the Northerly
city limits; and also commencing at
the intersection of Glendale Avenue
and Wilson Avenue; thence Easterly
along Wilson Avenue, Eagle Rock
Road and Broadway, to the Easterly
city limits together with the right to
construct curves, switches and spur
tracks into private property; also
connections at street intersections,
and all other appliances, property,
structures and attachments that may
be necessary or proper, for the pur-
pose of operating said road and en-
abling it to be as effective as the
best railway operated by electricity
or other motive power except steam;
provided, however, that no spur
track into private property shall be
built within One Thousand (1000)
feet of any spur track already con-
structed under said franchise, with-
out first securing the proper consent
of the Board of Trustees of the City
of Glendale. That the terms and con-
ditions upon which said franchise
will be offered for sale, are the fol-
lowing:

That the railway to be constructed
and operated under said franchise
shall be used for the transportation
of passengers, baggage, United States
mail, express matter, and such other
commodities as can be conveniently
handled by an electric railway, pro-
vided, that cars other than closed
ones, of a neat and attractive design,
shall only be conveyed over said
road between the hours of nine
o'clock P. M. of each day and six
o'clock A. M. of the following day;
except hauling such material as is
used in the construction and recon-
struction of such railways.

That said the grantee of said
franchise and its assigns, shall use
good material in the construction of
said road, and said road shall be
built in a good and workmanlike
manner, and that said grantee and
its assigns, shall, at its or their own
cost, and expense, oil and re-oil,
have or macadamize the said road
between the rails, between the tracks
and for two (2) feet on each side
thereof, with the same material used
by the City, and under the same
specifications and in the same man-
ner as upon the streets over which
said roads are respectively, and shall
keep the same constantly as paved
or macadamized and in repair flush
with said streets, and provided with
suitable crossings, and shall make
the roadbed conform at all times to
the established grade of said streets;
provided, however, that where any
of the above named streets have
been graded or otherwise improved
prior to the granting of said fran-
chise, said roadbed and rails shall
conform to and be flush with the
surface of said graded or otherwise
improved street or streets, whether
such surface be above or below the
official grade of said street or
streets, and on all other street or
streets, the said roadbed and rails
shall conform to such official grade
as aforesaid.

In case the said grantee and its
assigns, shall fail to comply with the
instructions given for said repairs
for ten days after service of notice
thereof upon the superintendent or
manager of said grantee, then the
Board of Trustees of the City of
Glendale, may, with suitable assis-
tance, enter upon said railway, or any
portion thereof, and do the work,
and furnish the proper material, and
keep an itemized account of the cost
thereof, which said grantee and its
assigns, by the acceptance of this
franchise, agrees to pay immedi-
ately to the Treasurer of the City
of Glendale upon the presentation of
the account to the superintendent or
manager of said railway.

Provided further, that cars shall
be run over the road constructed un-
der said franchise every day, unless
prevented by the elements, riots,
strikes or unavoidable causes; pro-
vided, also, that cars shall be run
over and upon said road at inter-
vals of not more than one (1) hour
from seven o'clock A. M. until ten
(10) o'clock P. M. of each day, and
as much oftener as may be necessary
to properly accommodate all persons
who apply for transportation over
said road, except in times of extra-
ordinary and unforeseen amounts of
travel, and provided that the Board
of Trustees may authorize a less
number of trips if the amount of
travel does not warrant the above
number of trips and provide fur-
ther, that said grantee, and its as-
signs, shall have the right to exca-
vate and remove portions of said
streets necessary to properly con-

struct said road, and to erect needful
appliance, poles, engine and other
appliances to properly equip and run
said road; provided further, that the
City of Glendale in granting said
franchise, expressly reserves the
right to pave, macadamize, renew or
sewer any of said streets, or to lay
gas, water or other pipes therein,
said work to be done so as to in-
jure said road as little as possible.
It is further provided that said
grantee and its assigns, shall con-
struct all necessary flumes and cul-
verts for the free passage of water
under the tracks of said Railway
whenever and wherever necessary,
and that all of such flumes and cul-
verts shall be constructed in ac-
cordance with the plans and spec-
ifications approved by the City En-
gineer and wherever required by said
City of Glendale.

That the said grantee and its as-
signs, shall and will, at all times up-
on and after the completion of said
road, during the operation of the
same, and without extra charge, is-
sue and receive from passengers go-
ing in one direction, transfers good
for one continuous passage over and
upon any and every other line and
lines or any other road or roads to
any points within the said City,
which said grantee and its assigns,
does now or may hereafter own, con-
trol, operate or have a controlling
interest in; and provided, as a fur-
ther condition, that said grantee, and
its assigns, shall and will, at all
times as aforesaid, issue or cause to
be issued to said passengers without
extra charge, a similar transfer from
any and every line or lines which
said grantee and its assigns, does
now or may hereafter own, control,
operate or have a controlling inter-
est in, within said City of Glendale,
as aforesaid, to, over and upon the
road operated and maintained un-
der said franchise within the city lim-
its of the City of Glendale; and pro-
vided further, that such transfers
shall be given and received as above
provided over and upon all such
roads within the city limits of the
City of Glendale, whether operated
under a franchise granted by said
City, or over and upon private right
of ways owned or occupied by said
roads within the city limits of the
City of Glendale.

That the rates of fare to be
charged by the grantee shall not ex-
ceed the rates fixed by the Body,
Board or Commission having author-
ity to fix such rates.

The said grantee and its assigns,
shall carry free on said cars, the
City Marshal or Chief of Police and
deputies, and all regular police of-
ficers and firemen of said city, when
on duty, and letter carriers, subject
at all times to the rules of the road.

That the said grantee and its as-
signs, shall, during the life of the
said franchise, pay to the City of
Glendale, in lawful money of the
United States, two per cent of the
gross annual receipts of said grantee
and its assigns, arising from the use,
operation or possession of said fran-
chise. No percentage shall be paid
for the first five years succeeding
the date of the franchise, but there-
after said percentage shall be pay-
able annually, and said franchise
is to be forfeited by a failure to make
the payments provided for, and it
shall be the duty of the grantee of
said franchise, and its assigns, to
file with the City Clerk of the City
of Glendale at the expiration of six
years from the date of granting said
franchise, and at the expiration of
each and every year thereafter, a
statement verified by the oath of the
said grantee, or its assigns, or by
the oath of the manager or presid-
ent officer of said grantee, or its
assigns, showing the total gross re-
ceipts and gross earnings collected or
received by the said grantee, or its
assigns, during the preceding twelve
months, and within ten days after
the time for filing such statement, it
shall be the duty of the grantee, or
its assigns, to pay to the City of
Glendale, in lawful money of the
United States, the aggregate sum of
said percentage upon the gross annual
receipts arising from the use, operation
or possession of said franchise.

That all poles used in the construc-
tion and operation of said electric
road, shall be placed within the curb
line of the streets herein designated
as officially established by the Board
of Trustees of the City of Glendale,
and the outer edge of the poles, in
all cases be set at least the inner
edge of the curb as practicable, when
not otherwise directed by said Board
of Trustees, and the wires suspended
from said poles, shall not at any
point be less than twenty-two (22)
feet above the top of the rail. All
poles shall be of tubular steel or of
suitable wood, of a size and kind
such as are ordinarily used for sim-
ilar purposes in the State of Cal-
ifornia, and shall at all times be
kept free from rust and painted in
a uniform color; that wherever said
railway is double tracked, then the
tracks shall be placed thirteen (13)
feet from the center line to center
line, and in case of a single track
said road shall be located as directed by
the Board of City Trustees of the
City of Glendale.

That any neglect, failure or re-
fusal to comply with any of the con-
ditions of said franchise, after thirty
days' notice given by the Board of
Trustees of the City of Glendale,
shall thereupon immediately, ipso
facto, effect a forfeiture thereof, and
the said City, by its Board of Trust-
ees, may thereupon declare said
franchise forfeited, and may ex-
clude said grantee, or its assigns,
from further use of the streets of
said City under said franchise, and
said grantee or its assigns, shall
thereupon and immediately, surren-
der all rights in and to the same,
and the said franchise shall be
deemed and shall remain null, void
and of no effect.

NOTICE IS ALSO HEREBY
GIVEN, that sealed bids in writing
will be received for said franchise
by the City Clerk of said City of
Glendale up to eight o'clock P. M.
of the 14th day of April, 1921, at
the day and hour last mentioned, the
City Clerk will, in open session, ex-
amine and publicly declare the same,
and each bid shall be accompanied
by a cash deposit of the amount of
the bid, or a certified check for said
amount, payable to the City Treas-
urer of the City of Glendale, cer-
tified to by some responsible Bank as
a guarantee of good faith in the
bidding; provided, however, that if
in the judgment of the Board of
Trustees, no adequate or responsible
bid has been made, the Board of

Trustees may withdraw said fran-
chise from sale, or advertise for new
bids. That at the time for opening
said bids, any responsible person,
firm or corporation, present or rep-
resented, may bid for such fran-
chise a sum not less than ten per
cent above the highest sealed bid
thereof, and that said bid so made
may be raised not less than ten per
cent by any other responsible bidder,
and such bidding may there-
after continue until finally said
who must before such award is
made deposit with the clerk at least
ten per cent of the amount of his
bid. Upon the franchise being
awarded, all deposits made by un-
successful bidders shall be returned,
franchise shall be struck off, sold
and awarded by said Board of Trust-
ees to the highest bidder thereof.

NOTICE IS ALSO HEREBY
GIVEN, that the grantee of such
franchise must, within five (5) days
after the awarding of such fran-
chise, file with the City Clerk of said
City, a bond running to the said
City, in the penal sum of One Thou-
sand (\$1000.00) Dollars, with at
least two good and sufficient sure-
ties, or a bond in said amount fur-
nished by a responsible surety com-
pany, to be approved by the Board
of Trustees, conditioned that such
bidder shall well and truly observe,
fulfill and perform each and every
term and condition of said franchise,
and that in case of any breach of
the conditions of such bond, the
whole amount of the penal sum
therein named, shall be taken and
deemed to be liquidated damages,
and shall be recoverable from the
principal and sureties upon such
bond. If the bidder or bidders ex-
pressly reserves the right to reject
any and all, or any or all bids for
said franchise.

POSE OF SUBMITTING TO THE
QUALIFIED ELECTORS OF SAID
DISTRICT THE PROPOSITION
OF AUTHORIZING THE ISSU-
ANCE AND SALE OF BONDS OF
SAID DISTRICT.

WHEREAS, A petition was filed
in the office of the City Clerk of the
City of Glendale on the 3rd day of
March, 1921, requesting that pro-
ceedings be taken in pursuance of an
Act of the Legislature of the State
of California, entitled, "An Act to
Provide for the Formation of Dis-
tricts within Municipalities, for the
Acquisition or Construction of Public
Improvements, Works and Public
Utilities, for the Issuance, Sale
and Payment of Bonds of such Dis-
trict, to meet the Cost of such Im-
provements, and for the Acquisition
or Construction of such Improve-
ments," approved April 20th, 1915,
and amendments thereof, for the pur-
pose of acquiring and constructing
works for distributing and supplying
water to the inhabitants of such dis-
trict, including the acquisition of
lands, waters, water rights, easements,
rights of way, structures, pipes,
pipes, pipe lines, apparatus and all
other property, and the constructing
of mains, conduits and other works
necessary for such purpose, and

WHEREAS, It appears and is here-
by found that said petition is signed
by not less than ten (10) per cent
of the qualified electors residing in the
territory which is proposed to be
formed into said Municipal Im-
provement District; and

WHEREAS, The public interest
and necessity require that proceed-
ings be taken as requested in said
petition;

NOW THEREFORE, The Board of
Trustees of the City of Glendale do
ordain as follows:

SECTION 1. That it is the inten-
tion of the Board of Trustees of the
City of Glendale to call an election
in that certain proposed Municipal
Improvement District having bound-
aries as hereinafter described, or as
may be changed by the Board of
Trustees in the aforesaid Act, for the
purpose of submitting to the qual-
ified electors of said District the prop-
osition of authorizing the issuance
and sale of bonds of such district in
the manner prescribed in said Act,
approved April 20th, 1915, and
amendments thereof, for the purpose
of acquiring and constructing works
for distributing and supplying water
to the inhabitants of such District,
including the acquisition of lands,
waters, water rights, easements,
rights of way, structures, pipes, pipe
lines, apparatus and all other prop-
erty, and the constructing of mains,
conduits and other works necessary
for such purpose.

SECTION 2. That the exterior
boundaries of the proposed Municipal
Improvement District to be known
as Municipal Improvement
District No. 4 of the City of Glen-
dale, are bounded and described as
follows, to-wit:

Beginning at a point where the
northerly Right of Way line of the
Pacific Electric Railway is intersected
by the Southerly prolongation of
the Easterly line of Lot 10 of the
Hunter Subdivision of a part of the
Rancho San Rafael as per Map of
said Rancho recorded in Book 5, Page 395
of Miscellaneous Records of Los An-
geles County, California; thence
northerly along said southerly pro-
longation of the Easterly line of said
Lot 10 and along the easterly line of
Lots 10 and 7 of said Hunter Sub-
division and the Northerly prolonga-
tion of said Easterly line of said Lot
7 to a line drawn 30 feet northerly

from and parallel with the Northerly
line of said Lot 7 of said Hunter
Subdivision; thence Westerly along
said line so drawn 30 feet Northerly
from and parallel with the Northerly
lines of Lots 7 and 8 of said Hunter
Subdivision to the Southerly pro-
longation of the center line of Grand
View Avenue; thence Northerly along
said Southerly prolongation of said
center line of Grand View Avenue
and the center line of said Grand
View Avenue to the center line of
Mountain Street; thence north-
westerly along said center line of Moun-
tain Street to its intersection with the
westerly boundary line of the City
of Glendale; thence south-
westerly, southeasterly, southwesterly,
southeasterly, northeasterly and
southeasterly following the various
courses of the westerly boundary line
of the City of Glendale to a point
on said westerly boundary line seven
hundred and fifty (750) feet north-
westerly measured thereon from the
northwesterly line of Tract No. 646,
as per map recorded in Book 15,
Pages 162 and 163 of Maps, Rec-
ords of aforesaid County; thence
northeasterly in a direct line to the
point of beginning.

That the proposed improvement in
said District is the acquisition and
construction of works for distribut-
ing and supplying water to the in-
habitants of such District, including
the acquisition of lands, waters, wa-
ter rights, easements, rights of way,
structures, pipes, pipe lines, appar-
atus and all other property, and the
constructing of mains, conduits and
other works necessary for such pur-
pose; that the estimated cost of said
proposed improvement is Twenty-
nine thousand, five hundred dollars
(\$29,500.00) and the estimated
amount of the incidental expenses in
connection with said improvement is
Five Hundred Dollars (\$500.00).

That on the 26th day of April,
1921, an election will be called in
said District for the purpose of sub-
mitting to the qualified voters there-
of the proposition of incurring in-
debtedness by the issuance of bonds
of such district to pay the cost and
expenses of said proposed improve-
ments;

That a map showing the exterior
boundaries of said District with rela-
tion to the territory immediately
contiguous thereto, and a general de-
scription of the proposed improve-
ment are on file in the office of the
City Clerk of the City of Glendale;
which said map shall govern for all
details as to the extent of the said
district.

At 8 o'clock p. m. in the Council
Chamber at the City Hall, in the
City of Glendale (that being the
place where the regular meetings of
the Board of Trustees of the City of
Glendale are held), is hereby fixed
as the date, hour, and place for the
hearing of protests which shall be in
writing, and filed with the Clerk of
said Board of Trustees at or before
said time of hearing, as provided for
by said Act, approved April 20th,
1915.

SECTION 3. The City Clerk shall
certify the passage of this ordinance
by the Board of Trustees of said
City, and cause the same to be pub-
lished once a day for six days in the
Glendale Evening News, a daily news-
paper, printed, published and circu-
lated in the City of Glendale and in
said district.

DWIGHT W. STEPHENSON,
President of the Board of Trustees of
the City of Glendale.

REMOVING BOLTS

The one sure way of removing a
bolt that has become rusted in place
is to heat an open spanner that will
fit the nut of the bolt and let it rest
against the nut for several minutes.
This will expand the nut without
producing corresponding expansion
of the bolt, and the former will come
off easily.

TRUSTEE ELECTION
VIEWS GIVEN BY
ROBERT PLUME

BELIEVES IT MISTAKE FOR
FEDERATED BROTHERHOOD
TO ENTER CONTEST

Editor Glendale Evening News:—
May I have the privilege of express-
ing a few ideas through the medium
of your paper regarding the selection
of two trustees for the High School
Board in the coming election. It
was not originally my intention to
voice any opinion in this matter as
I count all four of the present candi-
dates as friends and anything that is
intended herein is most decidedly in-
stated to be of a friendly nature.

In the first place, I do not believe
that any one in Glendale could have
selected, even after mature delibera-
tion, four more worthy candidates.
Three of the men named can be con-
sidered as old residents of our city
and the fourth, while comparatively
new to this locality, has already be-
come well known to many of us. In
the method of their selection, how-
ever, and in the means used to fur-
ther their candidacy it might be wise
to pause and consider several things.

Announces Candidacy First
Mr. Chandler and Mr. Phelon an-
nounced their candidacy first and I
understand they consented to have
their names used upon the earnest so-
licitation of their many friends. Dr.
Brown and Mr. Watson were selected
by the Federated Brotherhood as can-
didates to represent them and con-
sented, therefore, to enter the race
also upon solicitation of many of
their admirers. This move upon the
part of the Brotherhood I believe to
be a mistake, an honest mistake, of
course, but nevertheless a mistake.

It is possible that many of those as-
sociated with this organization,
which undoubtedly is a force for good
in the community, after thinking this
matter over carefully, cannot but
come to the conclusion that it is not
wise nor advisable for an organiza-
tion of this kind to enter the politi-
cal arena. The framers of the con-
stitution, many of whom were deeply
religious, foresaw the inadvisability
of such action and to the limit of
their ability endeavored to guard
against it. It seems to me it would
have been far wiser had those of the
Brotherhood who favored the selec-
tion of Messrs. Brown and Watson
formed a separate organization to
advance their interests.

About Ex-Service Men
This brings me up to the point
that is, perhaps, nearer my heart
than any other phase of the situation,
namely, the entrance of the ex-ser-
vice men into the problem. Saturday,
in one of Glendale's dailies a petition
was printed, signed by some ex-ser-
vice men, endorsing two of the four
candidates as also being ex-service
men. Likewise, there had previous-
ly been publicity given to the effect
that Dr. Brown and Mr. Watson were
ex-service men. In view of the fact
that Mr. Phelon is a veteran of the
Spanish-American War who saw active
service in the Philippines and is
therefore just as much an ex-service
man as the other two, it appears
manifestly unfair that two out of
the three should be given any advan-
tage on that score.

As one of those who served in the
late conflict and as a member of the
Glendale Post, American Legion I can
certainly lay claim to having the in-
terest of service men deeply at
heart. Other things being equal I
will always support a comrade who
served in Uncle Sam's forces. There
is a tie which binds us together and
which will never break. It must be
clearly understood, however, that the
Legion does not enter partisan polit-
ics and the spirit as well as the let-
ter of its constitution must be
obeyed.

Speaking as an ex-service man and
also as a citizen of Glendale who de-
sires to see our city and schools gov-
erned by the ablest, wisest and most
efficient public servants we can se-

SUPERIOR JUDGE C. S. CRAIL IS SPEAKER AT CENTRAL CHRISTIAN CHURCH

The Central Christian church was entirely filled at both services yesterday. A number of Los Angeles and Pasadena friends of Miss Lotta Madden of New York were in attendance at the morning service when she sang "The Living God," by O'Hara. She is one of the leading lyric sopranos of the country and while doing dramatic work is just as effective in church music to which she gave her talent for years.

In the morning sermon on "In the Shadow of the Cross" it was graphically shown how Christ in Gethsemane underwent the real suffering of His experience in bearing the sins of humanity. This was the hour of decision and victory, the greatest of all the hours of history. From it He went calmly to the crucifixion. It was emphasized that the decision to do a thing is the real hour of triumph. Stress was laid on the attitude of the mob who came to take Jesus, of the disciples who forsook and fled, of Judas who betrayed his chief friend, and of Christ who made the full surrender without reservation. Exhortation was made for a fully surrendered life.

Judge Crail Makes Talk

At night Judge Charles S. Crail, of the superior court of Los Angeles county, and also an official in the Wilshire Boulevard Christian church, spoke on "How To Be Happy Though Married." His address was preceded by a great song service led by a large men's chorus and by a male quartette which sang "Though Your Sins Be as Scarlet." Harry Marple sang "The Palm." Officers of the Men's Bible class had charge of the service, Lee Kaster presiding. H. E. Cox, C. W. Bacon and F. L. Thompson participated, the last introducing Judge Crail.

Judge Crail's theme was based upon experiences in the divorce court over which branch he has formerly presided and where he tried over 4000 cases. He told of the appalling increase in divorces, that 4475 cases were filed in Los Angeles last year; one for every two and one-half marriages.

Christ's Rule of Conduct

He spoke of the causes and emphatically stated that the saddest thing was not the divorce proceedings but the broken homes. Insisting that Christ's rule of conduct was the one solution and stressing the proper conduct of both husband and wife, the judge concluded with a striking and eloquent appeal for parents to plainly and often explain to the boys and girls the common sense and Christian attitudes that should hold in homes to be set up.

A large crowd heard the address with great interest. Such presentations by men of this type will have a savory and wholesome influence.

Flashless, Noiseless Gun Is New Invention

OTTAWA—At the annual meeting of the Canadian Artillery association here, Colonel J. J. Creelman of Montreal was elected president for the coming year. Sir Edward Morrison, retiring president, was in the chair. General MacBrien said that Captain Robertson, a Canadian officer of Vancouver, had invented a flashless and noiseless gun, which was now being considered by the British war office. It was a big step forward in artillery efficiency.

BENEDICTION OF PALMS AND SINGING OF PASSION ARE PART OF CELEBRATION

Palm Sunday was celebrated yesterday at the Holy Family Catholic church by the Rev. Father J. S. O'Neill with two masses at 8 and 10:30 o'clock in the morning.

Following the church custom, the benediction of the palms and the singing of the Passion during the mass composed the ceremonies. The gospel which was read is taken from verses one to nine of the sixteenth chapter of St. Matthew and it describes Christ's triumphal entry into Jerusalem when the populace cut the boughs from the trees and strewed them before Him, as He passed, crying, "Hosanna to the Son of David; blessed is He that cometh in the name of the Lord."

In the prayers which followed, the blessing of God was asked for the branches of the palm or olive and from the blessed Palms the ashes are procured for Ash Wednesday.

ENGLISH LUTHERAN PASTOR, DR. FUNK, IS TAKEN ILL

REV. G. M. SNYDER, HOLLYWOOD MINISTER, GIVES SERMON ON PALM SUNDAY

Palm Sunday services at the First English Lutheran church attracted a record attendance yesterday morning. Due to illness of the pastor, Dr. H. C. Funk, the Rev. G. W. Snyder of Hollywood preached on "Who Is This?"

The evening services were conducted by the Luther league, over which Fred Bowman presided.

The sympathy of the congregation was extended to Dr. Funk and it is their hope that he will be back in the pulpit again for the Easter services.

Storm Kills Number Of Elk, Is Reported

ABERDEEN, Wash.—Hundreds of elk were killed in the Olympic peninsula, north of here, by a recent storm which did millions of dollars' worth of damages, according to Jack Winslow, game commissioner. Mr. Winslow said he thinks the elk are also short of food and that many are dying of starvation.

Big Hydro-Electric Project Is Proposed

SANTIAGO, Chile—Vast natural water power resources in the central provinces of Chile are to be put to use to generate electricity for Santiago, Valparaiso and neighboring cities and towns. A company, capitalized at \$3,250,000, has been formed for the purpose and work already has been started on a hydro-electric plant on the Colorado river, near Santiago, where it is expected 18,000 horsepower can be developed. The project is backed largely by Chilean capital.

GREATER VICTORIES TO COME IN FUTURE, IS STATED BY REV. C. M. CALDERWOOD

By REV. C. M. CALDERWOOD, Pastor of Congregational Church Text: "I am not ashamed of the Gospel of Christ." Romans 1:16.

Palm Sunday is an appropriate time for an appraisal of Christianity. Now that we have observed a world catastrophe we turn to the past to see what light may be thrown on the future. Will Christianity have anything to offer to the race and to the remaking of civilization? The past is one answer to the question. Has Christianity failed? Has it succeeded, but is now outworn? Is there something better to offer to a world of science, learning, industry and materialism? We want the best. If there is a religion or a philosophy that is better and more true than Christianity, that is what we want. We want to make no mistake, however. We need not repeat the blunders of the past. We are safe in assuming that that which has blessed, uplifted, and inspired others will do so for us. That which gave our fathers faith, hope, strength, guidance, and a new life will supply us and lead us into a new and better life.

Has Remarkable Triumph

Much that has passed under the name of Christianity for the last nineteen centuries has not been Christian. But, nevertheless, Christianity has had a remarkable triumph. It has recognized its own blunders and shortcomings and with an amazing zeal presses forward.

Frederick Harrison has an essay on the sanctity of old buildings. The old canvas, the old marble, manuscripts have a value beyond that of gems or gold. But the lifetime of these objects is but a few centuries. What shall be said of Christianity which has stood forth like the shadow of a rock in a weary land for nearly 2000 years? History holds no similar example of youthful power and influence. The last 2000 years tell the story of nations that have arisen from nothing and waxed great, have fallen into decay and now are forgotten. During these centuries civilizations have passed from childhood to decrepitude while Christianity has remained eternally young. Starting from Bethlehem and Calvary it has moved like a beautiful sunrise across the nations and the centuries.

Shone Upon Many Sins

There is no land that has been touched by it that has not been adorned. It has fallen upon the latent gifts of the poor, and the ambitions and talents have sprung forth into a new life. It has fallen upon abuses like acid on steel and consumed the slaves' fetters. It has shone upon many dark sins and driven them out by its white light. It has built asylums for children, schools for youth, and homes for the aged and the poor. It laid the foundations of learning and carried the sacred torch of learning through the dark ages. It transformed the forest children of Germany into scientists, philosophers, and musicians. It won to the Golden Rule the hardy Norseman. It has made tyrannical governments humane and cruel laws just. It has adorned many canvasses and given a divine touch to cold marble.

The most beautiful works of men's hands are those poems in stone, the world's great cathedrals. Christianity is more sublime than any cathedral. Its temples of the spirit are beyond any painting.

Christianity has mothered the world's greatest social movements. The reforms for children, women, poor, helpless, deficient; the movements for freedom, brotherhood and justice have found their birth in Christianity. Atheism has sent no nurses to battlefields. Infidelity has built no hospitals. Agnosticism never sends its adherents into the jungles of Africa on errands of mercy. Materialism does not give itself in sacrifice.

Call Stronger Than Ever

You say these triumphs of the past are very true, but you ask "What of today?" We admit the sin, injustice, greed and the conflicts of today, but rising above all these is the mighty message of Christianity calling to more men than it has ever done in the past. No war or event has caused more people to look deeply into their own lives, no catastrophe has ever aroused so much protest as has the recent one. The most powerful things in the world are still Christianity with its truth and faith and its directing genius.

What of the future's triumph? Christianity recognizes that its work is not done. It is preparing for greater triumphs in the future. Never was there so much money, so many scholars, so much devotion offered to carry on the great movements of evangelization, education, sanitation, hospitals, social reform, peace and internationalism as now.

UNCONDITIONAL SURRENDER IS NECESSARY, SAYS PASTOR IN MORNING SERMON

The morning sermon by Rev. W. E. Edmonds at the Presbyterian church was from the words "Jesus Christ the same, yesterday, and today, and forever" (Hebrews 13:8). Here is a brief outline:

"Then we are not the same. Change and decay are in all we know. Institutions, conditions change. Everything is not the same. We are but tenting here; next, the other shore. It is good to feel that our feet are on solid granite. We want to anchor to Jesus Christ, the same forever."

"We look in vain for a smile on the face of the victorious Christ. Victors come smiling. But Jesus, one with God, became one with our sin, was made sin in our place. On this day we commemorate, He rode in triumphal entry into Jerusalem, yet without a smile; He was entering under the terrific burden of the sin of the world which was laid on Him. A weight lies on the heart because of what it cost Him, entering the shadow of the cross, the great outstanding thing is the cross, and its burden. "One great word should be flashed out—the passion of Christ. What is it? The suffering and enduring, by the Sinless One, of the sin of the world, which He assumed. It was intense, immeasurable feeling and suffering for the sake of others. Do we show something of the passion of Christ? There are so few of us that measure up! You have never lost sleep over lost souls. Jesus set His face to go toward Jerusalem, to that suffering that was to save the world."

Always Part of Him

"Christ this morning is the same, the world Saviour. To stop back at the cross—that is no place to leave a believer. He is alive, and seated in the heavenly. Now He keeps us. Suppose He had saved us and then turned us loose; we could not keep ourselves. But his passion is manifested as much in keeping us as in saving us. "An old woman, converted late in life, could not keep still about it and the joy she had. A friend checked her confidence: 'Suppose the Lord should let you slip through His fingers?' She answered, 'I'm one of the fingers.' We are always a part of Him, and He is always the same. "His passion must be manifested by the victory manifested in our lives. 'He who is able to guard you from stumbling.' At Keswick they have a saying, 'When you stumble, cry 'Victory,' and Jesus will come to the rescue.' That is, claim instant forgiveness. God keeps His people who confess their sins."

"In view of the coming great evangelistic work in this town, great responsibility lies on every individual. Do you propose to take it easy? May God forbid! Set your own house in order. You are asked, every one, to pledge yourself in the solitude of your own heart. If there is anything in the depths of your life that must be purged, God must put it right. You might be the Achan in the camp whose wrong may block the work of the Holy Spirit. You had better die than block His way."

Unconditional Surrender

"Dr. Griffith Thomas tells of an old negro who would surrender and then fall again and again. The devil would come and say, 'You never did surrender. You only thought so.' He went into the woods, surrendered completely to God, and then drove a big thick stake deep into the ground and said: 'Devil, do you see that stake? That means I have surrendered. Now you quit your lying!'"

"Brother, will you drive a big stake down somewhere that will stay? 'Come here; do you see that stake? I put that stake down, Palm Sunday, 1921. Nothing can move it.'"

"As by an ambassador of Jesus Christ you are asked to make an unconditional surrender that will hold for all time."

It doth not yet appear what we shall be. "Greater things than these shall ye do." Greater triumphs will come from our unused resources. There is an infinite God and a triumphant Christ giving us strength and leading us on. We shall not fail.

SPECIAL VOCAL SOLO GIVEN BY MRS. NEIGHBORS TO LARGE CONGREGATION

Rev. Ernest E. Ford, pastor of the First Baptist church, chose as the theme for his Sunday morning sermon "I Am the Truth," speaking on the truth of Jesus.

A special vocal solo by Mrs. Neighbors, "I Am the Way," was very much enjoyed. The attendance at this service was considerably larger than usual.

At 6:30 p. m. the young people held their meeting. The topic was "The Last Week on Earth," with Robert Ford and Ernest Grigg as leaders.

For the evening service at 7:30 o'clock, Rev. Ford chose the topic, "Our Creed."

Mr. Boynton sang a splendid vocal selection.

There will be a prayer meeting Wednesday night at 7:30 o'clock, topic, "Why a Christian Should Be in Earnest."

NEW ART OF PHOTO SCULPTURE WINS MANY PRAISES

STUDIO MAY BE LOCATED IN GLENDAL; SUBJECTS SIT BUT SHORT TIME

W. E. Hamilton of Columbus, is in Glendale, the guest of Captain and Mrs. Huston Jones of 376 West Lexington Drive, investigating the feasibility of establishing a studio for the execution of the new art of photo sculpture in Glendale. Mr. Hamilton represents Professor J. Hamilton Smith of the University of Pittsburgh, the inventor of the process.

The subject, of whom the bust is to be made, is placed on a rotating stand before cameras, a network of intersecting shadow lines thrown upon it from a projection lantern, and the record photographs are taken from several angles in order to form a complete image of the subject. These photographs showing the intersecting lines are thrown on the clay, and when the bust is being made the lines projected from different lanterns are brought to coincide on its surface by the sculptor, who is thus enabled to make the likeness with photographic accuracy.

Long Sitzings Eliminated

By this means absolutely faithful likenesses of living persons may be made without the tediousness of sitting for the sculptor, it is claimed.

The exhibition of a portrait bust made by the photo sculpture process and illuminated by the tinted photograph from which the bust is made is most startling and amazing. It is the old story of Pygmalion and Galatea brought down to date, for by this process the statues are apparently brought to life.

Mr. Hamilton's object in Glendale is to establish a photo sculpture studio for executing portrait busts of prominent people. The best photographers in the leading cities of the country will be licensed to take photographs, which will be sent to the studio which is proposed to be established in or near Glendale, where they will be executed.

Portraits of Movie Stars

The vicinity of Glendale has been selected as a possible location for the studio on account of the number of photographic and moving picture studios in this part of the country. One of the chief items of the business will be the making of sculptured portraits of the movie stars, which will be displayed and illuminated in the lobbies of theaters all over the United States.

Mr. Hamilton will be in Glendale for two weeks, when he will return to Columbus. After a month in the east he will again return to California to oversee the establishment of the studio.

SOME ROAD STATISTICS

More than forty states in the Union have established a system of main roads. The aggregate mileage of the main systems is approximately eight per cent of the total mileage of rural roads within the United States.

BELGIUM IS "PERKING UP"

During the first eight months of 1920, 3164 automobiles were imported into Belgium. Of this number 1280 were of American make, and 1084 of French; 410 are reported as being of German origin, 279 Italian, and 111 English.

C. D. LUSBY GIVES OUTLINE OF BOND ISSUES; SACRED CONCERT AT NIGHT

Large congregations assembled at both the morning and evening services at the First Methodist church. The morning was in the interest of the Woman's Foreign Missionary society.

C. D. Lusby, one of the Minute Men, gave a brief review of the coming election and explained in a lucid manner the proposed bond issues for city improvements and urged the audience to vote on election day.

Dr. Crist delivered a condensed and earnest address on present opportunities and responsibilities, emphasizing the necessity for Christian benevolence in this critical period of the world's history.

He then urged a thank-offering for the Woman's Foreign Missionary society, stating that all the officials of this active society were working without pay. The response was most gratifying as over \$700 was subscribed.

Sacred Musical Concert

The evening services were of a special nature consisting of a sacred musical concert by the Southern Jubilee Singers and platform addresses by the Minute Men, C. D. Lusby, Elwood Ingledue, L. C. Lieds, Dr. C. R. Lusby, Kenneth Crist, C. W. Ingledue and W. F. Tower. W. N. Bott, chairman of the Minute Men, presided.

Dr. Crist made the important announcement that Carl Seitter, son of the pastor of the Redlands M. E. church and a student in the University of Southern California, had been engaged as religious educational director of the First Methodist Episcopal church of Glendale.

Germany To Give Up Arkloads Of Animals

BERLIN—Bees, Belgian hares and sheepdogs are among the domestic pets the entente powers are demanding from Germany. The ship carrying the miscellaneous assortment of animals demanded will have almost as great an assortment as Noah's craft.

Decision of the reparation commission on the exact number of rabbits which Germany must deliver has been postponed a month. The entente demanded 200,000. Meantime, the German rabbit crop is increasing at a record pace. The entente requested 10,000 dogs and showed no disposition to accept Dachshunds. It also asked 25,000 hives of bees. The Germans promised 165,000 he-goats and 25,000 she-goats, 1,500,000 cocks and hens, and sheep and cattle and horses in large numbers.

Washington, D. C., is known as the city of automobile license plates, virtually every state in the Union being represented there.

OLD FASHIONED METHODISM IS NEEDED, IS DECLARATION OF REV. W. W. COOKMAN

Rev. W. W. Cookman of the West Glendale Methodist Episcopal church said yesterday, in brief:

"This is the day, with the events of it, which so many millions celebrate as Palm Sunday. On this day occurred one of the most noted scenes in gospel story, namely, Christ's triumphal entrance into Jerusalem. There was feeling and thrill and outbursting emotion in this glorious pageant, and Jesus approved it all. I argue for the equipment of enthusiasm in the service of Christ. I argue for good old fashioned Methodism which in the early days of the church brought sinners to Christ by the hundreds, for natures aroused, for religion all aglow, for spiritual life full of efficacy and joy."

"It has been truly said that other things being equal the degree of enthusiasm in any man is the precise measure of his aggressive conquering power. Without this driving power in his work or profession any man is more or less a failure. Pithily said a western editor to a man sneering at excitement: 'There is only one thing to do in this world without excitement.' 'What is that?' 'To rot!' he replied. No man carries his work or profession to the highest success who is not incessantly impelled by a grand enthusiasm. No enterprise, however worthy, can succeed unless the men and women back of it are enthusiastic in its promotion. That is why Glendale is going forward with leaps and bounds. It is because the good people who live here are so enthusiastic in sounding its praises."

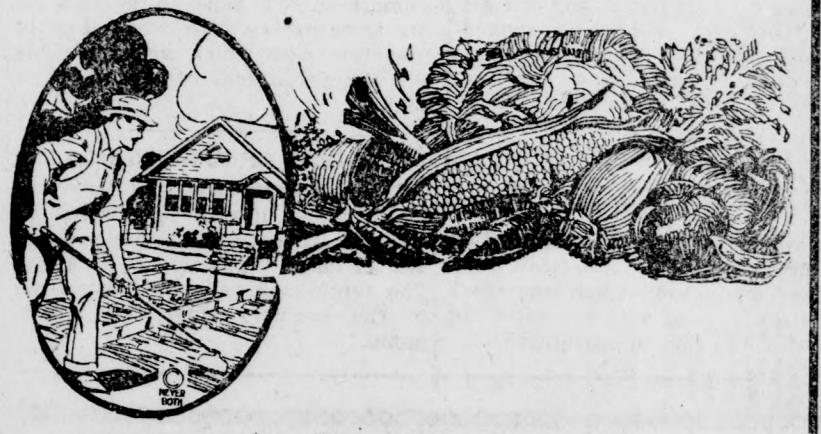

"Glendale Straight Ahead"

"The slogan that wakes up our latent powers and arouses our highest enthusiasm is 'Glendale Straight Ahead!' The world today is full of hosannas to the Son of David. The various missionary enterprises, the hospitals, the orphanages, the Y. M. C. A. activities, the Red Cross movement, the philanthropic institutions of one kind and another, the churches that rise into sight all over christendom are hosannas to the Son of David echoing through civilization. The best hosanna we can render on this Palm Sunday is the hosanna of a holy, consecrated life.

"Do noble things, not dream them all day long. That life, death and the vast forever may be one grand sweet song."

BATTERY CARRIER

A handy adjunct of the home garage is a battery carrier made from a piece of strip metal fashioned into a U shape, with the ends upturned to catch under the handles of the battery. Some tape wrapped around the upper part of the U makes a convenient hand rest.

WINNERS PICKED ON LETTERS WRITTEN ON PROSPERITY

THREE JUDGES DECIDED UPON
BEST REASONS TOLD IN
COMMUNICATIONS

(Continued from Page One)
And Mary B. Wemyss and W. F.
Tower came next in the scoring,
which gained for them second and
third place.

There were approximately ten oth-
ers who were in the running, any one
of whom was worthy of a prize. But
in this grist the judges expressed
their preference and their decisions
stand. Secretary Rhoades, of the
Chamber of Commerce, acted as ar-
bitrator and with him rests the results
as announced.

Many of the letters have been pub-
lished and in awarding the prizes in
accordance with the judges' results,
it gives The Glendale Evening News
great pleasure to think of the service
rendered the community by these
people, both the contestants and the
judges, in bringing forth the perti-
nency of Prosperity.

W. B. KIRK, who won first prize,
is an insurance advisor with the
Provident Life & Trust company of
Philadelphia. He resides at 594
East Broadway and has offices in
Los Angeles. He is well known for
civic and church leadership here, hav-
ing been secretary of the Chamber of
Commerce some years ago.

MARY B. WEMYSS, who won sec-
ond prize, is the wife of D. Newton
Wemyss, an attorney. They reside
at 924 East Windsor Road. She is
the mother of one boy and two girls.
Strange to say, Mr. Wemyss also had
entered a letter, but it took the wife
and mother to keep the prize in the
family.

W. F. TOWER, who won third
prize, is a retired furniture dealer,
who follows painting and paperhang-
ing as a trade and owns fourteen
pieces of rental property here which
he attends to personally. He resides
at 328 North Maryland avenue and
attributes his ability to look prosper-
ity "square in the face," to his ex-
perience as secretary of the Board of
Trade at Vineland, N. J., a city fam-
ous for municipal ownership of public
utilities. He has been a resident and
investor in Glendale real estate since
1915.

Comments Made by Judges
In commenting on the Prosperity
letters, W. B. Davis, who was one of
the judges, says:

"I am glad that the awarding of
the prizes is not left to one alone, but
is decided by results of a secret bal-
lot of the judges because there are so
many excellent letters that it would
be difficult for one to decide which
should have the prizes.

"Then, too, some very excellent let-
ters are not confined strictly to the
rules and subject, but all are interest-
ing and well worth their publication in
The Glendale Evening News, which
has been persistently boosting Glen-
dale."

C. A. Brownell, another judge, de-
clares "all of the letters were
mighty good and it was very difficult
to choose the best. Most of them
were just a bit too 'gushing.' This
in itself, however, is a strong tribute
to Glendale's drawing qualities."

James M. Rhoades states that in
judging the letters he gained a great
deal of information for his work as
secretary of the Glendale Chamber of
Commerce. "I hope to be able to
use some parts of the best letters in
literature with which we will adver-
tise the advantages of this city," he
said.

REPAIR OF BLOW TORCH

follows: Remove the pump and sol-
der an inner tube valve in its stead.
The torch may then be pumped up

OBJECTS TO PLAN OF BOND ISSUE FOR STATE EXPENSE

ASSEMBLYMAN WHITE TELLS OF
IMPORTANT MEASURES IN
HANDS OF LAWMAKERS

(Continued from Page One)
ment of education has given its side
of the case, showing the necessity for
the items allowed them in the budget.
The hospitals for the insane have
shown extremely crowded conditions,
many of the patients being compelled
to sleep in the corridors and over-
crowded dormitories. The attendants
are demanding more pay and, as a
matter of fact, their pay has not been
raised like wages of most people.

Will Have Own Problems
"I am quite sure that when the
ways and means committee com-
pletes its hearing that it will be able
to intelligently decide as to the ne-
cessity for the sums recommended in
the budget. It doesn't seem reason-
able to raise money for the current
needs, such as additions to present
institutions, by means of a bond
election. Why should we pass on to
future generations the problems and
burdens that we now have? They,
no doubt, will have their own prob-
lems to contend with.

"The reapportionment of the
state," continued Mr. White, "will be
the next big consideration before the
assembly after the budget bills are
out of the way. Los Angeles county
expects to get out of that reappor-
tionment twenty-one assemblymen
and eleven senators. We now have
fifteen assemblymen and eight sen-
ators.

"The sixty-first district, of which I
am representative, as it now exists
will be divided, with Glendale as the
hub of the new district. This city,
with its approximately 20,000 citi-
zens, will dominate over other sec-
tions, which include the Eagle Rock,
San Fernando, La Canada, La Cres-
centa, Monte Vista and Antelope val-
leys.

"Incidentally, the Los Angeles
county delegation is going to the bat
to secure this reapportionment on
account of the increases shown in
population here by the 1920 census,"
Mr. White declared.

"The other outstanding thing that
is being held up by the budget con-
siderations," according to the assem-
blyman, "is the reorganization of the
state government.

Bills to Effect Economy
"I have introduced eight bills,
known as the governor's reorganiza-
tion plan, which were suggested and
prepared by Governor Stephens.
These measures are drawn somewhat
after the Illinois plan by which Gov-
ernor Lowden effected great economy
during his administration.

"With a comprehensive report
from the Boynton committee which
was appointed to look into the sub-
ject two years ago and the results
obtained by the state department of
agriculture that was the first move
in the direction of consolidating var-
ious bodies and activities, reorgani-
zation along similar lines of other
commissions and departments seems
most advisable.

"The general plan is based on the
well recognized demand of the people
of California for the centralization of
power and the consequent result of
placing the responsibility on the gov-
ernor. This is also in harmony with
provisions of Sections 1 and 7 of
Article 5 of the constitution, reading:
'The supreme executive power of this
state shall be vested in a chief magis-
trate who shall be styled the gov-
ernor,' and 'he shall see that the laws
are faithfully executed.'

"The only criticism we find to the
reorganization plan is that while
everyone approves the results to be
obtained, members of each board and
commission say, 'Leave us out of it
and it is a wonderful thing.' If the
plan fails of passage it will be be-
cause of a selfish attitude of these
individuals who will seek to influence
the legislature to favor his own com-
mission.

Opposed to More Boards
"I am opposed at this time to the
creation of more boards and commis-
sions that will interfere with the
present reorganization plan," Mr.
White said in explaining his opposi-
tion to several bills before the as-
sembly with particular reference to
drugless healing. "Under the new
scheme a board of professional stand-
ards, with experts in each line, will
license pharmacists, physicians,
osteopaths and chiropractors," he
added.

"A bill which comes up Thurs-
day," concluded the assemblyman,
"is of particular interest to club-
women. It is a measure to do away
with capital punishment—that is,
hanging—for minors. At present
there are four boys awaiting death
at San Quentin prison and their fate
rests with legislative action on this
bill. While it is probable that the
governor will grant them reprieves
until such a time as the measure is
voted upon, a tremendous fight is
being waged to carry it before any
are executed."

FENDER COVER

A cover made of oilcloth, lined
with some soft material, will be
found useful to slip over the fender
when work is being done on the en-
gine, thereby obviating danger of
scratches or other injury to the
enamel finish.

There's No Question About the Wisdom of Building Now

To those who have looked into the situa-
tion and carefully studied the facts there is
only one answer to the question—When to
build? And that is—NOW.

Building materials have descended in
price to a lower level than for several years.
There is no shortage of material as there
was some months ago. Labor has allowed
a readjustment of wages that is favorable
to the builder.

BURLESQUE SKIT TO GLENDALE SECURES BE FEATURED AT CLUB SESSION

RECIPROCITY DAY PROGRAM TO
CONTAIN PLAYLET; PLAN
TO HOLD RECEPTION

Members of the parliamentary sec-
tion of the Tuesday Afternoon club
have been diligently at work for some
time on the rehearsal of the bur-
lesque skit entitled "The Meeting of
the Hopeville Board," which was
written by Miss Eva Daniels and is to
be presented at the Reciprocity Day
of the club, which will be tomorrow
at 1:30 p. m.

Mrs. Sidney T. Exley and members
of the district board will be guests
of honor.

An informal reception will be held
at 1:30 o'clock, with Mrs. C. E.
Hutchinson, president of the club,
and members of the executive board
receiving. The locale of the play is
the city hall of Hopeville; the cast
of characters is as follows:

Mayor Wise, Mrs. Harry Green-
walt; City Attorney Knowall, Miss
Eva Daniels; City Clerk Scribble,
Mrs. W. L. Andrews; Trustee Birdie
Lovelight, Mrs. Homer Lockwood;
Trustee Pickell, Mrs. W. H. Verity;

advance in cost.

Tapestry To Decorate Wilson's New Home

WASHINGTON—The \$75,000 tap-
estry, presented to Mrs. Wilson, wife
of the president, during the peace
conference, will find a place in the
new home of the Wilsons. Mrs. Wil-
son has removed the tapestry from
the east room of the White House,
where it has been hanging since it
was brought to the United States.

Man Aged 67 Will Walk For His Health

BERKELEY, Cal.—James A. Hill,
67, of this city, will take a little walk
for his health. He informed his
friends that he will start this week
on a trip to his old home in Eastport,
Me., of 3500 miles by foot. Hill
carries letters of introduction from
the mayor of this city, Mayor Ralph
of San Francisco to the mayor of New
York City.

"People have forgotten how bene-
ficial walking is," said Hill, in com-
menting on his trip. "They ride
everywhere. I have been a walker
all my life and I know that this little
jaunt will add years to my life."

Hill was formerly postmaster of
Taner, Yolo county. Although
close to 70 he carries his years well
and steps off with a military stride.

O. L. OLHAUSEN'S HOME IS ROBBED

GOLD LOCKET AND CHAIN ARE
TAKEN FROM HOUSE AT
500 NORTH ADAMS

Persistency seems to have its reward for thieves.

If they persist long enough they soon get behind prison walls.

But between here and there is where they get material reward.

For instance, Saturday night a sneak thief at the home of O. L. Olshausen, a bank teller, at 500 North Adams street, tried first the rear screen door. He couldn't get in. Next he cut the glass in a window, but that didn't do. Then he smashed the French doors leading to the side porch and he got in.

Among the loot reported missing from the ransacked house is an engraved gold locket and chain which is highly valued by the Olshausens.

Debutante Slouches Must Go, Say Girls

WELLESLEY Mass.—"Debutante slouches," and letter "S" figures are doomed with the arrival of the new spring styles, is the view expressed by the department of hygiene at Wellesley college.

"Today, looser garments, introduced on the wave of popularity for sport clothes, will allow the girls a chance to stand up straight, letting the shoulders carry the bulk of the weight," says Miss Mary S. Haagen, instructor of gymnastics, in an interview.

"Wider participation in outdoor exercise is proving beneficial to young ladies' carriages," she believes.

Between 300,000 and 360,000 people were employed in automobile factories in this country last year. The payroll amounted to more than \$400,000,000.

Hoover Investigates Statistic Complaint

WASHINGTON—As a result of complaints against irregularities in compiling statistics of imports and exports, due chiefly to lack of a sufficient force to handle the work, Secretary of Commerce Hoover announced the appointment of a committee to investigate the whole situation.

It was made known by Mr. Hoover that as a result of congestion in the work of compiling of customs statistics at New York and Washington the monthly totals for a considerable period in 1920 do not show accurately the volume of foreign trade, during these particular months.

When the statistical force got behind in the work the effect was to record imports and exports of one month which were not reached by the time of the issuance of the monthly figures with totals of the succeeding month. The effect of this was to inflate the figures for certain months and cause the totals for other months to be less than the volume should have been.

The September, 1920, figures, it was stated, included an accumulation from former months and probably showed a greater total than was justified for that month. The December figures were smaller by comparison with previous months because of the fact that there was not so great an accumulation in that month. Most of the irregularity, it is believed, took place during the calendar year of 1920.

Child Feeding Fund Mounts To \$382,000

WASHINGTON—Contributions to the child feeding fund of the European relief council from the surplus funds of American Red Cross chapters amounted to more than \$382,000 during the first two months of the campaign, according to announcement from national headquarters of the Red Cross. Subsequent donations, notice of which have not yet been received, are expected to considerably swell the total from the chapters.

BRICK THEATRE AND OFFICE BUILDING FOR VAN NUYS

GREENBERG & SIEBERT WILL
BUILD; HEIGHTS TRACT IS
OPENED WITH BARBECUE

A two-story, brick theatre and office building at Van Nuys is planned by Greenberg & Siebert. It will contain two store rooms, theatre auditorium and five offices. The Architectural & Engineering Company of Los Angeles estimates the cost of the structure at \$15,000.

Woodland Heights Opening
Woodland Heights at Burbank had a successful second opening day Saturday, Old Sol adding to the interest of the throng attending a barbecue used to advertised the new tract. A program of music featured the afternoon's sales of homesites.

Plans Business Block
Arthur G. Munn has had Architect E. L. Mayfield of Los Angeles prepare plans for a two-story business block for San Fernando. It will contain two store rooms on the ground floor and a hall above.

Mass Meeting for C. of C.
Tonight a mass meeting is to be held at the Burbank Grammar school at which time the active drive for members in the Chamber of Commerce will begin. Team leaders have been named and with their co-workers a thorough canvass will be made of every resident to obtain the strongest possible civic organization for Glendale's neighbor city.

Results of Laying Contest
In the egg-laying contest being conducted by the Holly Hatchery of Van Nuys, the month of January showed the following results: Farm No. 21 first with 65.2 per cent egg yield or 20 1-5 eggs per hen, Farm No. 34 second with 64.7 per cent egg yield or 20 eggs per hen, Farm No. 23 third with 64.2 per cent egg yield or 19.97 eggs per hen.

State Monopoly Meant Higher Coffee Prices

ROME—Italy's government monopoly of coffee, one of the extreme measures adopted during the war for increasing state revenues, will in all probability soon be abolished.

At the urgent request of the National Association of Italian Chambers of Commerce, the ministers of finances and of commerce have taken up a project restoring freedom of commerce in coffee.

In order that the state revenues may not be diminished by the change, the project provides for a regular import tax on coffee but the state will be relieved of the present difficult and artificial task of trying to control the coffee commerce and market.

The monopoly on coffee, which is similar to the state monopolies existing in Italy for years on tobacco, salt and quinine, was put into effect at the same time as was the monopoly on electric light bulbs. Since the inauguration of the state control of coffee in Italy the price of the latter had increased from between four and five times.

GOOD FOR MOTORISTS
As a result of unusually mild weather throughout the country this winter, especially in the northern states, approximately 3,000,000 more passenger cars and trucks are in service than there were a year ago.

SCHOOL ISSUES ARE TALKED OVER BY C. L. CHANDLER

STATEMENT IS GIVEN OUT TO
VOTERS IN DISTRICT BY
ONE OF CANDIDATES

Charles L. Chandler, candidate for trustee of the Glendale union high school, makes public the following:

To the Voters of the Glendale Union High School District—In view of the intense sectarian and denominational activity in the present high school campaign as the same was so ruthlessly displayed in the electioneering which took place during the church services on Sunday, I desire to make it plain that I for one am not and do not care to be a factional, sectarian or denominational candidate. In spite of the view held by some of our citizens that the high school administration should be subject to the influence of some clique or other, I still hold to the belief that our schools should be non-sectarian and non-denominational, a principle which I have always understood was fundamental in America.

Without wasting time or space, I hasten to mention some of the principles I believe should be applied to our high school administration:

Firstly: There should be no factional influence—denominational or fraternal.

Secondly: There should be a forward looking building program including the establishment of an elastic system of standardized building units, capable of being economically constructed and of an architectural style characteristic of southern California.

Should Be Co-operation
Thirdly: There should be co-operation between the high school district and the grammar schools, particularly in the matter of construction and location of school buildings and distribution of grades.

Fourthly: There should be the fullest publicity in regard to school matters and there should be no attempt to conceal or withhold from the public material information regarding school affairs—neither should there be any attempt unfairly to influence or distort the public views on these matters.

Fifthly: There should be another location for the high school, promptly secured and adequate for use in the future when the funds become available for the establishment of a senior high school which will be a credit to the community.

Sixthly: There should be co-operation among the schools in the economical purchase of supplies and equipment.

Lastly: I have the belief that a high school should be an institution devoted primarily to mental training and utilizing the well established principles of mental training in turning out mentally efficient students, capable in some degree of mental concentration, brain activity and memory functioning, and I believe a high school faculty should be proficient in producing that kind of graduates; otherwise it is more or less of a failure.

Time to Apply Them
I do not claim there is anything original in the foregoing declaration. I think a great many of you have had the same ideas over and over again and I think it is high time to apply them to the local situation. While, as above indicated, I do not feel that such matters should enter into a campaign like the present one, in order that there may be no misapprehension among the voters in opposition or supporting me, I will say that I am a member of the Masonic fraternity and the Unitarian church. For "statistical purposes only," as the lawyers say, I will add that I am a graduate of the University of Denver and Cornell university at Ithaca, N. Y., and that I have been a resident of Glendale over eight years. I have a daughter in high school now, a son who is due there next year and two more daughters who are coming along. I feel I am justified in being very much interested in the welfare of the schools of this community.

Ontario Plans Park At Falls As Memorial

NIAGARA FALLS, Ont.—Negotiations have been opened by the city council with the hydro-electric commission for the purchase of 22.7 acres of land now owned by the Ontario Power company, to be used as a memorial park. A price of \$20,000 is being considered. A school site would be given to the school board, and a boulevard, "Victory way," would run through it.

Gambling On Futures Is Opposed By Lawmakers

SACRAMENTO—The Inman bill prohibiting gambling on futures of agricultural products has been approved by the judiciary committee of the senate. Several San Francisco brokers opposed the measure. Members of the committee were inclined to believe that the measure could not be enforced even if it were adopted by the legislature.

DAVID BUTLER IS GIVEN GREETINGS

COMES TO GLENDALE THEATRE
AND GETS OVATION; GOOD
BILL IS PRESENTED

Old Man Fame is a funny fellow. Naturally enough, it should come to one who comes up smiling.

And "Smiling All the Way," which appears at the Glendale Theatre again today as the feature, offered David Butler that opportunity last night.

He came to Glendale to see a friend. Without knowing it he found they were legion. It all happened this way:

The production, "Smiling All the Way," a screen adaptation of "Alice in Wonderland," in which he is the smiling hero, was playing to a large audience at the Glendale Theatre. He accompanied this friend to the theatre and Manager W. A. Howe found him. Refusing a "personal appearance," the spotlight was thrown on him in the audience and the manager announced that if the people liked his comedy, their applause would tell Mr. Butler how well.

Great Ovation Is Given
It was the greatest ovation ever given anyone appearing at the Glendale Theatre and the young star was forced to acknowledge it while the next picture was stopped because of the tumult.

According to one little Irishman—and they should be good judges of humor—it was the funniest photograph he had ever seen. It is a Greenwich village romance with Leatrice Joy as co-star and Father Fred J. Butler as director. The next Butler production to be awaited by the many admirers is "Girls, Don't Gamble."

A recreation of the eight-year-old picture, "The Mender of Nets," with Mary Pickford directed by D. W. Griffith adds to the big bill which includes the first episode of the serial, "The Son of Tarzan." In the news reel Harding's inauguration is shown and Topics of the Day add a bit of wit to the program. Madame Clement also proved a big attraction last night with her regular weekly organ concert which always pleases music lovers.

CHANGING TIRES
In changing tires on demountable rims considerable time may be saved by remembering that it is not necessary to remove the two lugs near the valve stem. This is just another instance where time is ordinarily wasted by doing useless things.

Divert Immigrants To Farm Centers, Planned

WASHINGTON—Plans to divert immigrants from the cities and industrial centers and to co-ordinate agencies of the departments of the interior, labor and agriculture, to place the newcomers on small farms, were announced by W. W. Husband, commissioner general of immigration.

He made public a plan approved by Secretary Davis, which he declared would help solve the immigration problem and correct the economic situation arising from the flow of population to the larger cities.

"There is land enough for millions of small farms," he said, "and that the department of the interior is opening in the west for entry; lands in the south and elsewhere that are swamps, but that can be put to use, and still other lands in the east that have been abandoned as farms."

"Our plan is not to replace American farmers with foreigners, but to create new farms and make new farmers, increasing the resources of the nation. Our immigration problem is largely a problem of distribution of the immigrants."

"The majority of our immigrants are peasants and essentially farmers. American labor never would take up in large tracts the land now idle, but by cutting them up into small farms and offering them to the immigrant, we will offer him a chance to realize his life's dream—to own land."

Nearly Lost Your Japanese Gardener

SACRAMENTO—Senator Inman almost slipped through a bill excluding orientals from cutting lawns or trimming trees.

The judiciary committee's destructive hand came across Inman's bill and decided it was too drastic in asking that the employer of orientals file the name of each oriental employed with the county recorder.

Senator L. L. Dennett and Senator Charles Lyon burst into indignation when they discovered the measure's real purport.

Inman agreed to amend it. The bill was introduced at the request of the Japanese Exclusion league.

THERMOS BOTTLE BREAKAGE
The containers of thermos bottles frequently break from the jolt of the car, particularly in riding over rather rough roads, of which we have many this spring. If the bottles are placed with the top end downward, so they will not move sideways, the breakage will be obviated.

Estranged Son Gets Share Dodge Estate

DETROIT—John Duval Dodge, son of the late John F. Dodge, automobile manufacturer, has learned that he will receive \$2,000,000 of the \$80,000,000 estate left by his father. When told of the fortune to be his he declared it was his intention to keep at work.

"I'm going to keep on making money," he said. "This is just my starting point."

In his will, John Dodge, Sr., made liberal allowances for all his relatives except John, who had become estranged from his father some months before and was living in Texas. He was left only \$1800 a year. The will was thrown into litigation, resulting in the \$2,000,000 settlement on the son. It was reported that a reconciliation between father and son was near when the father's death occurred.

In explanation of the nominal annuity settled on his son, Mr. Dodge made the following specification in his will, which was executed April 4, 1918: "To pay to my son, John Duval Dodge, the sum of \$150 each month during his life. The provisions I have made in this will for my son, John Duval Dodge, have been made after careful thought and deliberation on my part, uninfluenced by any person or persons whatsoever, and I believe these provisions to be the most wise I can make for my son, John Duval Dodge."

Mr. Dodge died January 14, 1920. In April, 1918, it became known that young Dodge had married secretly Miss Marie Anne O'Connor of Detroit. After the wedding, John, Jr., lived with friends in an apartment and worked as an army captain in the ordnance department in his father's factory until his departure for Texas.

Conducts Newspaper During Legislature

SACRAMENTO—You can't hear the presses pounding off the copies, but Assemblyman Chester Kline of San Jacinto conducts his weekly paper in the assembly chambers.

Kline has a typewriter at one of the press desks of the assembly and as soon as there is a lull in legislation he dashes to the typewriter and jots down an editorial or so. He keeps his newspaper supplied with several columns of inside comment on legislative doings each week.

CLEAN BATTERY CONTACTS
The connections of the battery should be loosened and cleaned occasionally in order to get a good, clean contact. Some times the terminals will become so corroded that the self-starter will not operate.
